

Leg5 Hexapod Flat Pattern. v0.5

Copyright (c) 2012, Mike Estee.

...also available under Creative Commons Attribution-NonCommercial-ShareAlike 3.0 Unported License.

Servo-mount cutouts are for the Corona-DS-939MG servo.

Hip joint hinges should be made from scrap paper, and glued with rubber cement. Or you could just wait for me to finish the design... ;)
